

# 1<sup>st</sup> Announcement: "Precision medicine in drug development"

Tuesday June 4, 2019

Allschwil (Basel)

Precision medicine aims to tailor disease prevention, diagnosis and treatment to the individual patient, based on their individual features extracted from multiple types of data (such as multi-omics, imaging, patient history, lifestyle and environmental factors).

Advances in screening platforms and the availability of big data are fueling the scientific progress in precision medicine, spanning the early stage of drug discovery all the way through translation into clinical practice. Adequate use of statistical and computational methods are critical to its successful implementation in clinics.

The Basel Biometric Section (BBS) and the European Federation of Statisticians in the Pharmaceutical Industry (EFSPI) are pleased to host a European scientific meeting on this relevant and far-reaching topic. The purpose is to bring together experts from the pharmaceutical industry, academia and the European regulatory bodies to present the current state of the art and discuss the challenges and opportunities ahead.

**9:00am to 5:00pm**

## Confirmed presenters:

**Niko Beerenwinkel** Bioinformatics for precision oncology  
ETH Zurich, Switzerland

**Tomasz Burzykowski** Generalized pairwise comparisons for  
IDDI & Hasselt Univ., precision medicine  
Belgium

**John Doyle** Valuation of Regenerative Medicine/  
IQVIA, Advance Therapeutics (RM/ATs):  
Columbia Univ., Challenges and opportunities for  
New York, USA creating a better framework

**Stephen Senn** Precision medicine: The honeymoon  
Consultant Statistician, is over. It's high time for tough love.  
Edinburgh, UK

The full agenda which will include case studies from the industry (Novartis, Roche and others), is expected to be available by early April.

## Venue

Actelion Pharmaceuticals,  
Hegenheimermattweg 95,  
Allschwil,  
Switzerland

## Registration

On or before 7 May 2019  
Industry rate: €150.00  
Academic rate: €75.00

After 7 May 2019  
Industry rate: €200.00  
Academic rate: €100.00

*Students: a limited number of places is available free of charge, please contact the organisers.*

Fee includes lunch & refreshments

**TO REGISTER PLEASE GO TO:**

[www.efspi.org](http://www.efspi.org)

## Queries contact:

EFSPI Secretariat
